

This is a Spring 2018 SAT Weather Alert!

The Spring 2018 Planning Committee is expecting a whirlwind of scientific presentations to make the spring meeting of the Southwestern Association of Toxicologists scientific program successful. On May 17-19, 2018, the Hilton Garden Inn in Bricktown (Oklahoma City, OK) will be ground zero for learning about topics such as new analytical procedures, cutting-edge research in forensic toxicology, or interesting cases that will assist with difficult data interpretations.

The Spring 2018 Planning Committee has begun building the clouds into a swirling super cell of fun and learning. The deadline for submission is April 17, 2018.

Submit your abstracts to sat.okc2018@gmail.com and we promise to keep you advised about the weather!
